Magic Polyhedra* Patents - Brandeis

In late 2000 I ran across a discussion of different magic polyhedra beyond the 3x3x3 cube - within the larger family of sequential movement puzzles - and was briefly hooked With a few hundred dollars spent via mail orders and on eBay I

Magic (supernatural) - Wikipedia

Magic is a category into which have been placed various beliefs and practices considered separate from both religion and science Emerging within Western culture, the term has historically often had pejorative connotations, with things labelled magical perceived as being socially unacceptable, primitive, or foreign The concept has been adopted by scholars in the humanities and social sciences, who have proposed various different—and often mutually exclusive—definitions of the term Many contemporary scholars r...
