Big Bang Theory Official 2018

Special Report - CARA

likely to believe that the Big Bang did occur, that it was a moment described in the Book of Genesis, that current scientific theory is compatible with the belief that God created the universe and Earth, that living things evolved over time through natural selection, that of God

The Basic Building Blocks of Matter

from a hot, dense "particle soup" shortly after the Big Bang to form galaxies, stars, and planets Impressive as this "cosmic convergence" is, important questions still remain: Is there a Higgs particle responsible for giving particles mass? What is the nature of the dark matter that dominates the mass in galaxies, including our own Milky Way?
